***EXAMINER'S AMENDMENT***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sean S. Wooden Reg. No. 43,997 on November 10, 2005.

Please cancel claims 21-40.

***Examiner's Statement of Reasons for Allowance***

2. This office action is in response to the application filed on August 23, 2005.
3. Applicant amended claims 21, 24, 32, and 33, added claims 41-45. After Examiner initiated an interview with Applicant's representative on November 10, 2005 and Applicant's representative agreed to cancel claims 21-40.
4. Claims 41-45 are allowed
5. Claims include limitations that the prior art of record does not appear to teach or render obvious the claimed limitations as recited below.
6. The following is a statement of reasons for the indication of allowable subject matter:  
  
The prior art of records fails to disclose determining if another connector hears the host as a singly-heard host, if another connector hears the host, classifying the new tuple as a singly-

heard conflict link tuple, and resolving a conflict associated with the host between the first connector and the another connector.

The closest found prior art is Wood U.S. Patent 6,405,248. Wood discloses a monitoring system for determining accurate topology features of a network and creates an accurate topology map of a given network. However, Wood fails to disclose determining if another connector hears the host as a singly-heard host, if another connector hears the host, classifying the new tuple as a singly-heard conflict link tuple, and resolving a conflict associated with the host between the first connector and the another connector and in combination with other limitations as set forth in the independent claims. Claims 42, 43, and 45 are allowed due to dependent claims.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
